Custom Made Service Steps

- 1** Inquire with ideas
If you have any inquiry about custom made toolboxes, please visit us and talk to one of our friendly staff who will be more than happy to assist you.
- 2** Quick quote
Our staff will help design products that will suite your requirements. A quick quotation will be provided.
- 3** Place order
Once you are happy with the design and price, a deposit will be required to place your order.
- 4** Confirmation
Once deposit is received, a formal order form with 3D drawing(s) and all details will be provided. Please sign, date and send back to us as confirmation.
- 5** Process Order
Your order will be put through for manufacturing. Advanced 3D-CAD and CAM technologies are employed. Your order will be completed in a short period of time.
- 6** Pick up or Organise installation
Once your order is ready, we will contact you for pick up or to arrange an installation time and date. (Installation may be arranged in advance when you leave your deposit with us.)

Why Choose MW?

Assured Warranty

MW offers industry leading 2 years material and structural warranty on toolbox, trailer and canopy products

Locks and Accessories are covered by 1 year factory warranty

MW has workshops and factories in almost each state to carry out warranty services for customers

Competitive

Custom designed toolboxes available at all MW retailers

Competitive price and short lead time in the industry. Advanced 3D-CAD and CAM technologies are used

Nation Wide

NSW / VIC / QLD/ WA / SA

Custom Made

Available to fulfil your design requirements

BASEMENT BOX

Our over vehicle bonnet storage system can help you make the most of your unused basement/garage car space by offering the following benefits:

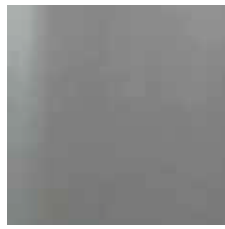

- Overcoming council imposed onsite storage regulations which require conveniently located storage for ancillary household items
- Designed to provide safe, secure and cost effective storage in any car park space or garage with our unique high security locking system conforming to Australian Standards AS4145.2
- With up to 3 Cubic Metres of storage space and a capacity of 500kg you can store anything with ease.
- Leg heights can be built to suit any height vehicle including sedans and 4WD's. Flexible shelving designs also available for all your organising desires
- Improving the environments aesthetic's. Our combined Steel and Aluminium construction is not only durable, it looks great too. (All structural parts are manufactured from Galvanised Steel and are also available in a powder coated finish)
